DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 12/05/04 has been entered. An Office Action is provided as follow.

Allowable Subject Matter

2. Claims 1-11 are allowed.

Reason for allowance

3. The following is an examiner's statement of reasons for allowance: the present invention related to a driving method and apparatus for an active matrix crystal display to reduce the power consumption. The closest prior art of Nagata et al.(U. S. Patent No. 5,706,023) shows a similar system. However, Nagata fails to disclose

“the counter electrode being a reference voltage that is unmodulated; and data line which becomes a voltage corresponding to a density on the basic of the reference voltage of said counter electrode and to a writing polarity of said liquid crystal capacitor when said scanning line is the on-voltage.” (claims 1 and 11).

“a low-level capacitor line which is maintained at a predetermined first voltage;

Art Unit: 2674

a high-level capacitor line which is maintained at a second voltage that is higher than said first voltage; and

a selector which selects either one of said low-level capacitor line and said high-level capacitor line depending on the voltage selection signal line, and applies the voltage to the other terminal of said storage capacitor (claim 5 and 10, see the previous Office Action Allowable Subject Matter).

These distinct features have been added to the above independent claims and renders them allowable.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
